

# EXTERNAL VACANCY ANNOUNCEMENT

Tirana International Airport SHPK (TIA) is seeking to hire a

## Design Architect

who will report to the **Head of the Design Unit** of the company.

### **Position Purpose:**

The Design Architect is responsible for developing, coordinating, and delivering high-quality architectural designs for Tirana International Airport's infrastructure projects. This role, based in Tirana under the Design Unit, will work on both ongoing and future TIA projects, ensuring compliance with design standards, regulations, and project requirements. The position plays a key role in implementing Revit and BIM workflows to enhance efficiency, accuracy, and collaboration across multidisciplinary project teams.

---

### **Main tasks and responsibilities of the position:**

*(for indicative purposes only. The responsibilities listed below can be subject of change upon recruitment)*

#### *Architectural Design & Documentation*

- Prepare architectural concepts, layouts, and detailed drawings for TIA projects.
- Develop and maintain 3D models using Revit and BIM for design coordination and visualization.
- Produce detailed design documentation for construction purposes.
- Ensure compliance with local urban planning regulations and international design standards.

#### *Project Coordination & Collaboration*

- Collaborate with engineers, consultants, and contractors for integrated design solutions.
- Participate in project meetings and provide design input during all project phases.
- Support technical reviews and address design-related issues during project execution.

#### *Quality Assurance & Compliance*

- Ensure all designs meet TIA's quality and safety requirements.
- Maintain accurate and up-to-date BIM models and design archives.
- Propose design improvements and innovative solutions to enhance project outcomes.

#### *Support to Other Units*

- Provide technical support to other TIA units regarding architectural matters.
- Assist in design-related aspects of maintenance, renovations, and expansions.

### **Requirements of the position:**

#### **Education**

- Bachelor's or Master's degree in Architecture.

#### **Work Experience**

- Minimum of 5 years of relevant experience in architectural design (infrastructure or large-scale projects preferred).

## EXTERNAL VACANCY ANNOUNCEMENT

### Skills & Abilities

- Proficiency in **Revit** and **BIM** workflows (mandatory).
- Strong skills in AutoCAD and other 2D/3D design software.
- Knowledge of local building codes and international architectural standards.
- Excellent collaboration and problem-solving skills.
- High attention to detail and creativity in design solutions.
- Ability to work under pressure and meet deadlines.
- Strong communication and interpersonal skills.
- Commitment to professional integrity and high-quality standards.

### Application Procedure:

To apply for the above mentioned position the applicants should fulfill the Application Form, which can be found in [Tirana International Airport](#) , and submit it via email **to human-resources@tirana-airport.com** with:

- Subject: [Name Surname] – Design Architect
- Attachments: Application Form + CV (PDF/Word)

Human Resources Department will contact only candidates selected from the documentation screening.
